A photograph of a person swimming in clear, bright blue water. The person's legs and feet are visible above the surface, with their feet pointing towards the right. The water is highly textured with ripples and reflections of light, creating a shimmering effect. The overall color palette is dominated by various shades of blue and white.

Enjoy moments and rituals that illuminate us with their lightness. The ones that make us feel good, make us smile, nourish our soul. Instants of happiness when home, nature and affection are the protagonists of a small, intimate and special world animated by people, horizons, sharing and beauty. Walk through welcoming, carefree surroundings and domestic landscapes, feeling the joy of life. Every day.

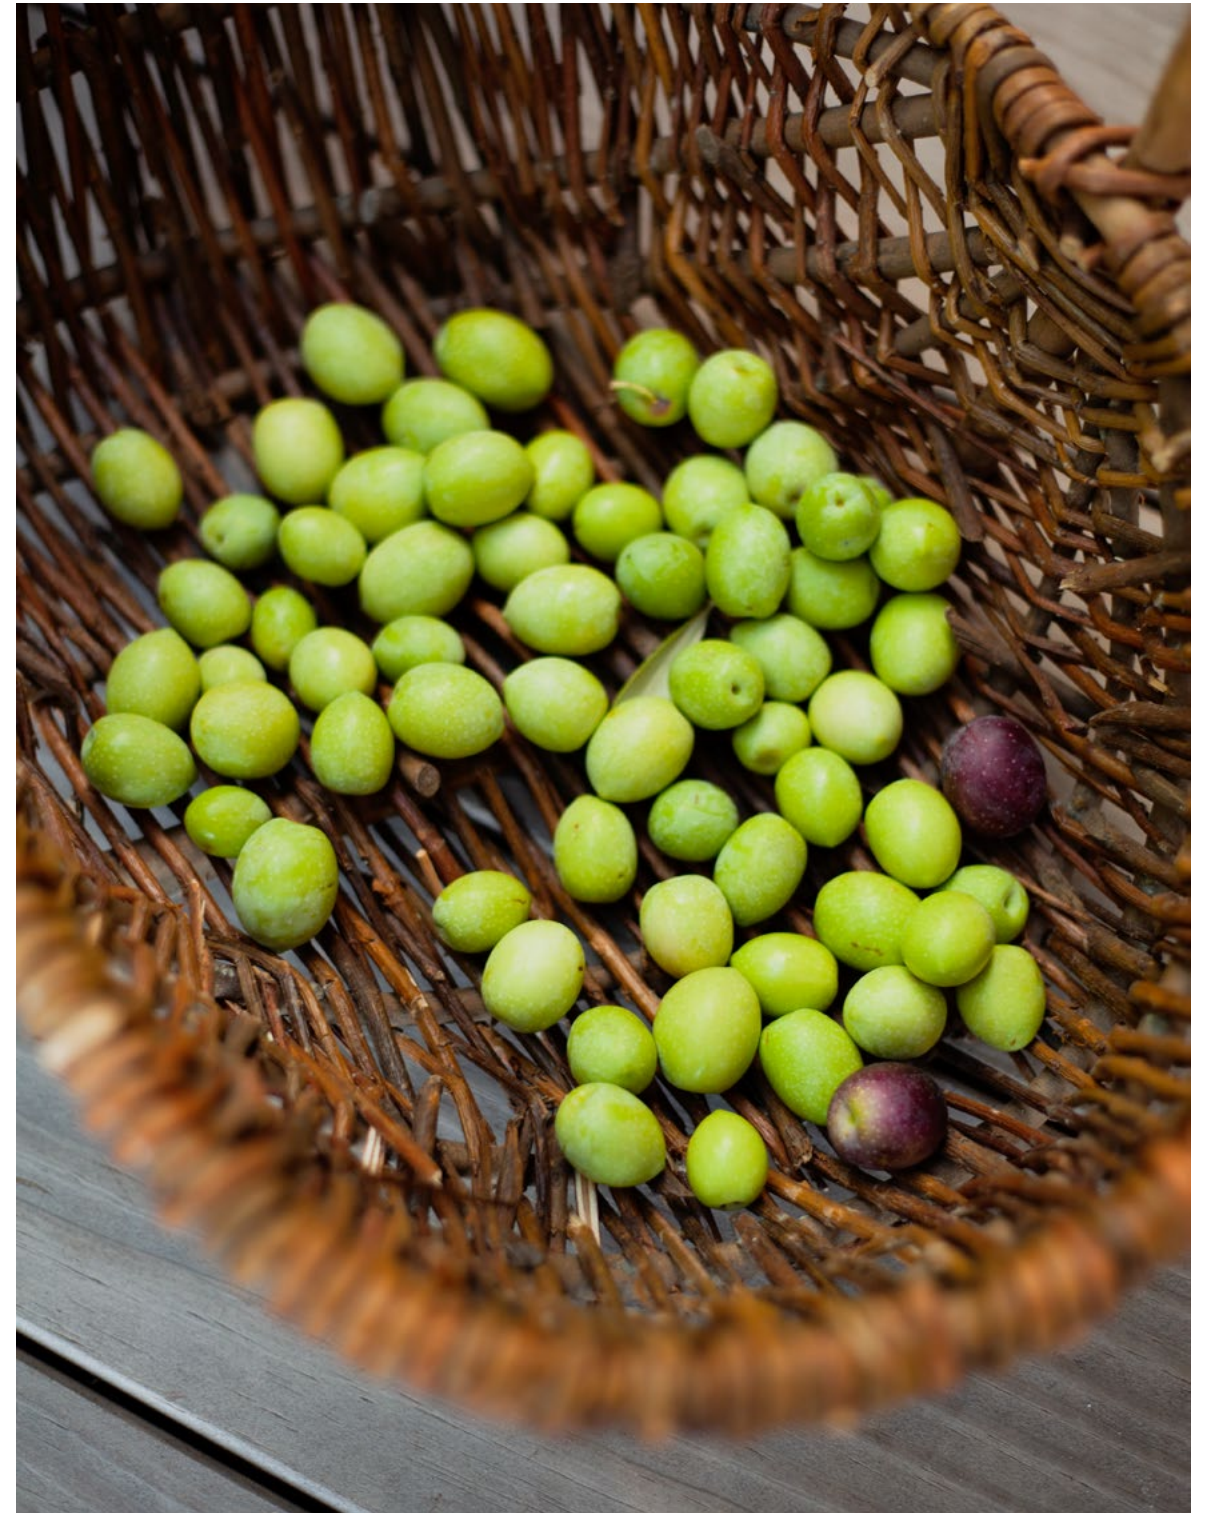

Pronti... via! Verso quei momenti e quei gesti che ci illuminano con leggerezza. E ci fanno stare bene, ci fanno sorridere, ci nutrono. Attimi e tempi felici in cui la casa, la natura e gli affetti sono i protagonisti al centro di un piccolo mondo, intimo e speciale, fatto di orizzonti, persone, condivisione e bellezza. Tra spazi accoglienti e spensieratezza, paesaggi domestici e gioia di vivere. Ogni giorno.

Its linear design and extensible modularity promote the flexibility of an elegant, highly functional sofa. Estendo is a new line of seating. In all simplicity, it unites straight lines and curves thanks to disappearing joints in the aluminium frame that holds the cushions. The seats of the armchair and sofa are welcoming and commodious. Modules with or without armrests are available in different configurations, including corner elements. A very comfortable set that adapts to the space and extends harmoniously.

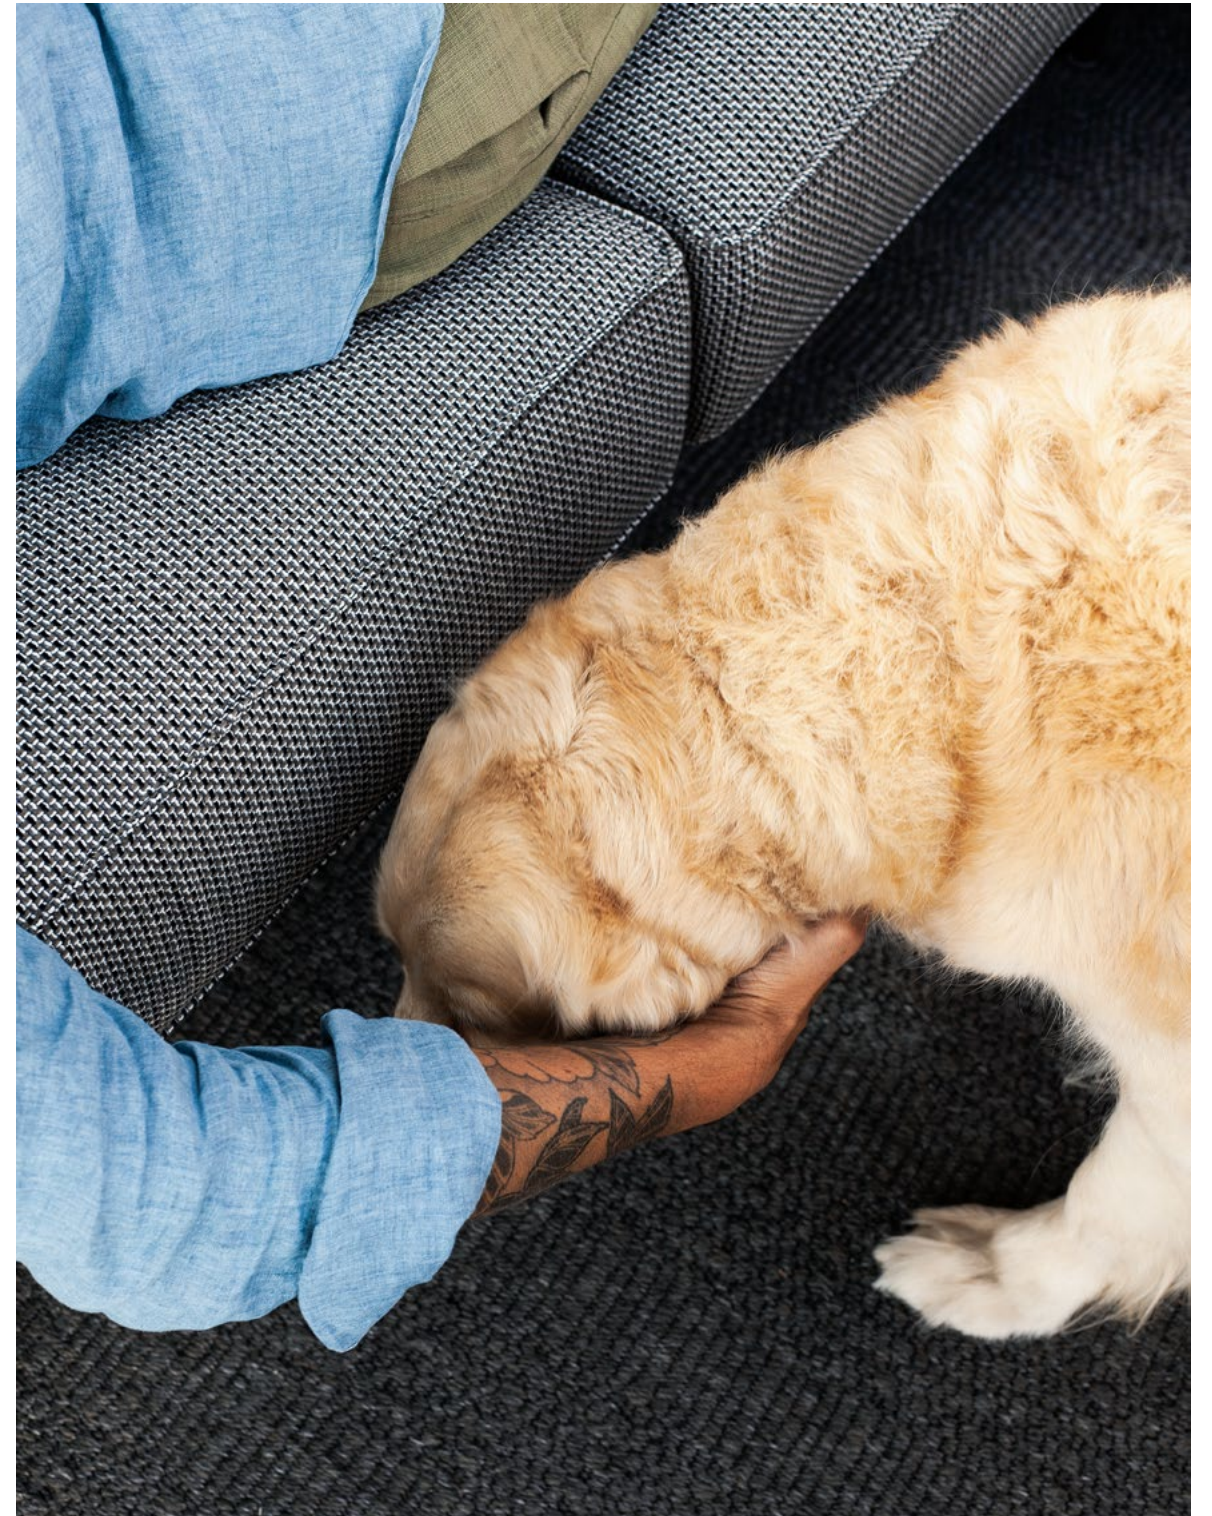

Design lineare e modularità estensibile assecondano la flessibilità di un sistema elegante e molto funzionale. Estendo è un nuovo divano che unisce con semplicità linee rette e curve, grazie al gioco di giunti a scomparsa caratterizzante la struttura in alluminio che ospita gli imbottiti. Le sedute della poltrona e del divano sono accoglienti e generose; i moduli, con e senza braccioli, sono disponibili in diverse configurazioni, tra cui quella angolare. Un insieme molto comodo che si adatta allo spazio e si sviluppa con armonia.

Fluid lines and deconstructed volumes welcome the most easy-going relaxation. Lounge-chair, chaise-longue and pouf are the elements of the new Onda collection, whose cheerful, cosy shapes are ready to animate the atmosphere with refined informality. Seating is soft and compact, with an inner water-repellent liner designed for carefree outdoor use. The base is covered with Batyline, making it immune to rips and suited for uneven paving. A practical strap handle on the two larger pieces makes the Onda easy to move around.

Geometrie fluide e volumi destrutturati invitano al relax più disinvolto. Poltrona, chaise longue e pouf sono gli elementi che compongono la nuova collezione Onda, dalle forme felici e avvolgenti, pronte ad animare atmosfere di raffinata informalità. Le sedute, morbide e compatte, hanno un rivestimento interno idrorepellente progettato per un utilizzo outdoor senza pensieri; la base, foderata di Batyline, è immune agli strappi e adatta anche su fondi sconnessi. Inoltre una pratica maniglia di cinghia facilita lo spostamento negli spazi dei due elementi più grandi.

The shapes of comfort and versatility defining the Eden collection find renewed expression in natural teak. This previously unseen version amplifies and facilitates the combination possibilities with furniture made in the same wood. Starting with its name, Eden is meant to communicate the pleasure of freedom – it's an invitation to enjoy it outdoors and inside. The design is distinct for its generous volumes and modular practicality, which can be customised at will with mix-and-match materials.

Le forme della comodità e della versatilità che definiscono la collezione Eden trovano espressione rinnovata nel legno di teak naturale. Questa inedita versione amplia e agevola le possibilità di combinazione con arredi realizzati nella stessa essenza lignea. Eden è un progetto che, fin dal suo nome, comunica il piacere della libertà e invita a goderne tra ambienti interni ed esterni. Il design si distingue per volumi generosi e una pratica modularità, da personalizzare con un mix&match di materiali.

Spool sofas have received a new cover for the backrest: soft, elegant Batyline. The fabric is enveloping and sedate, available in a wide range of colours to combine with the fabrics of the upholstered cushions. The collection has grown to offer creative customisation possibilities while maintaining its original profile – a sinuous tubular frame of aluminium, handy and lightweight.

Nuova veste per lo schienale dei divani Spool: un elegante e morbido rivestimento di Batyline. La tela è avvolgente e sobria ed è disponibile in un'ampia palette di toni da abbinare con i tessuti dei cuscini imbottiti. La collezione, così, cresce e si articola nella creatività delle personalizzazioni mantenendo ben definito il suo profilo originale: un sinuoso telaio tubolare di alluminio, comodo e leggero.

SPINNAKER
design Gordon Guillaumier

Technical information

One of the RODA classics is now presented in a luminous new finish that stands the test of time: whitened teak. The Spinnaker is a large table made of solid-wood slats and a stainless-steel frame. Together, they give life to expressive and functional geometry. The table is conceived for generous hospitality, thanks to an extensible top that slides open. A hidden leaf slips into place, effortlessly seating numerous guests.

Un classico del catalogo RODA si presenta in una nuova finitura molto luminosa che non teme il passare del tempo: il colore bianco applicato al teak. Spinnaker è un grande tavolo composto da doghe di legno massello e struttura di acciaio inossidabile, che insieme danno vita a una geometria espressiva e funzionale. Un tavolo pensato per un'ospitalità generosa grazie al suo grande piano allungabile, apribile a ribalta, che permette di accomodare con agio molti ospiti.

Gamma is where simplicity, clarity and elegance exalt the beauty of the materials and their combinations. The elementary lines of this table are a pragmatic answer to a demand for functionality and variety. Its shape is given by slender metal legs connected to one another by a cross structure, and a circular top in two sizes, available in white Carrara marble, Farsena stone, Luna stone, stoneware or teak-wood slats.

Quando semplicità, chiarezza ed eleganza nel disegno valorizzano la bellezza dei materiali e delle loro combinazioni. Gamma è un tavolo dai segni essenziali che risponde in modo pragmatico alle richieste di funzionalità e varietà. La sua forma è definita da gambe slanciate - collegate tra loro da una struttura a croce - e da un piano rotondo, disponibile in due dimensioni e realizzato in marmo bianco di Carrara, pietra Farsena, pietra Luna, gres, teak a doghe.

Comfortable and functional, the Zania table and chair integrate readily in all kinds of settings. The new collection is made in iroko, a warm-coloured, durable wood with extreme resistance to wet conditions. The design features slatted surfaces and legs with rounded edges, both for the table and stackable chair.

Comodità e funzionalità per integrarsi con immediatezza nei contesti più differenti. Zania è una nuova collezione composta da un tavolino e una sedia in legno di iroko, una essenza dal tono caldo, durevole ed estremamente resistente all'umidità. Il disegno degli arredi è caratterizzato da superfici dogate e da gambe che si mostrano stondate nella parte di appoggio, sia nel tavolo sia nella seduta impilabile.

EN RECYCLED FABRICS High-quality ecological acrylic yarns obtained by upcycling fabric offcuts from the awning industry. Composed of 50% recycled acrylic fibre, these textiles are generated through an innovative process that uses less water, less chemicals, and emits less carbon dioxide than producing them new.

IT TESSUTI RICICLATI Filati acrilici ecologici di alta qualità, ottenuti – grazie a un innovativo processo di *up-cycling* – dagli scarti generati dall'industria delle tende da sole. Composti al 50% da fibre riciclate, vengono generati da una lavorazione che utilizza meno acqua e prodotti chimici, oltre a emettere meno CO₂.
